Model #: _____ Quantity: _____

Available Warehouse: _____

ETB Series Model: ETBWF2

3 YEARS PARTS & LABOR
5 YEARS ELECTRICAL
10 YEARS COMPRESSOR
WARRANTY

Refrigeration System

· Bottom mounted, self-contained and retractable condensing unit uses environmentally friendly R404A* refrigerant with zero (0) Ozone Depletion Potential (ODP) and EPA compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). R290 condensing units are replaceable and require no on-site brazing. *Ask about alternative refrigerant.
· Front air breathing for flexibility in installation.
· PSC evaporator fan motors for R404A models. Electronically commutated (ECM) fan motors for R290 models.
· R290 models include full-length air duct system.
· Time-initiated and temperature-terminated defrost cycle with defrost heater.
· Large capacity, corrosion-resistant condenser and evaporator coils.
· Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
· High performance condenser fan motors ensure efficient compressor ventilation. R290 models use auto-reverse condenser fan motors which also support condenser coil cleaning. Refer to owner's manual for full maintenance instructions.
· Pressure relief devices allow smooth access to cabinet interior when reopening doors.
· Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

· Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.
· Open spaced interior with no walls between compartments.
· 16 gauge, high quality stainless steel worktop.
· Galvanized steel bottom and rear.
· 2.5" thick high density polyurethane insulation.
· Four 5" swivel casters with locks on front set.

Doors

· Heavy duty stainless steel interior / exterior.
· 2.5" thick high density polyurethane insulation.
· Frame heaters prevent exterior moisture build up.
· Self-closing with adjustable torsion system for a positive seal.
· Snap-in magnetic door gasket make cleaning and replacement an easy process.
· High strength, recessed door handles.
· Pre-installed door locks keep your items safe from theft.

Shelving

· Two epoxy coated, steel wire shelves per section.
· Height adjustable stainless steel clips.

Temperature Control

· Multi-function digital controller with easy to read LED display.
· Factory preset temperature, -4°F. Temperature setting range from -10°F to 54°F.
· R290 models include audible overheat protection alarm for compressor and condenser coil.

Options

· 4" high stainless steel backsplash for worktop application.
· Additional shelving.
· 3" swivel casters with locks.
· 3.5" – 6" height-adjustable and interchangeable legs.
· NSF Certified Stainless Steel Double Overshelf.

ISO 9001
